About the Author

Tony Northrup, MCTS, MCSE, CISP, MVP, is a networking consultant and coauthor of *Windows Server 2008 Networking and Network Access Protection (NAP)*.

Bill Ryan is an MVP for Windows Embedded and a frequent speaker at industry events including Microsoft Code Camps and .NET User's Groups. GrandMasters is an IT consulting firm specializing in content development, exam development, and customized technical support.

I am a Microsoft C# MVP and the founder of Wildermuth Consulting Services, LLC, a company that is dedicated to delivering software and training solutions in the Atlanta, Georgia area. I am also a speaker on the INEA Speaker's Bureau and have appeared at several national conferences to speak on a variety of subjects. I am the author of the book "Pragmatic ADO.NET", the upcoming "Prescriptive Data Architectures", both for Addison-Wesley as well as co-author of several certification books for Microsoft Press. I have been writing articles for a number of years for a variety of magazines and websites, including MSDN, MSDN Online, DevSource, The ServerSide .NET, ONDotNet.com and Intel's Rich Client Series. I have enjoyed building data-driven software for more than twenty years.
